

TRANSPORT PACKAGING SOLUTIONS

# Wrap Around

Edgeboard for round objects

- FLEXIBLE
- DURABLE
- RECYCLABLE
- CORROSION-FREE

## WHAT IS A WRAP-AROUND EDGEBOARD?

Eltete TPM edgeboard made out of carton, is a 100 % recyclable transport packaging product. It protects the edges of products with different shapes. WA-edgeboard has been designed for rolls, round tables or other round or irregular objects.

## SIZES

A mm.....	55/78
B mm .....	25-130
C mm.....	25-100
B+C mm max.....	200
D mm.....	1-3
Length.....	800-6000

Steel industry has changed their way of packaging from steel protection to carton WA-edgeboards. Carton is much easier to handle and they have found this type of packaging very suitable for their needs in many ways.

## QUALITIES

BIO

- surface: white or brown

HS (Heat-sealed)

- surface: white, brown or aluminium
- humidity proof

Available also as a heavy-duty (with reinforcement) or self-adhesive version.

All our edgeboards are 100% recyclable according to the European ReSy norms.

## NOTCHING ALTERNATIVES

55 mm notching

78 mm notching

## SOLID DISCS & SHEETS

To finalize the packaging, we can also provide a wide range of protective discs and sheets for the ends and sides of the rolls.

## WHO ARE THE POTENTIAL USERS?

Paper and plastic roll producers have been able to reduce transport damage by protecting the ends of their products with compact WA-edgeboards.

Furniture industry is producing delicate products of vastly varying shape and size, without WA, they would have trouble finding effective protection.

**Eltete TPM Ltd** (Transport Packaging Materials) is a global carton board refiner, an ISO-certified supplier of 100% recyclable transport packaging material and a machine producer. With experience since 1974, we are experts on the needs of today's market.
